- 3rd April—Last day of term
- 6th—17th April—School Easter holidays
- 20th April—Summer Term starts

## MATHS EVENT: 18th MARCH 5.30-6.30pm

On **Wednesday 18th March** we are going to be holding a Mathematics Event for parents and carers so that you can find out how we teach maths at Spring Meadow, as well as gain ideas about how you can help your child at home with their maths learning. We have sent a letter home to you, so that you can find out all the details. There is a sign-up slip in the letter which we would like returned to Mrs Tomlin, Maths Subject Lead, by Monday 16th March. We hope that you can attend!

## KS1 DISCOVER THE MAGIC OF THE FENS

The children immersed themselves in everything Ely for this innovative project! Following their local area walks, they had to find out how the land in Ely is used. They had to know what features were physical and had always been here and which ones humans put in place. The learning journey was an exciting one and culminated in the creation of a large-scale city or town in each class.

Children were inspired to create their own buildings at home with their families and the 3-D creations they brought into school were very impressive indeed!

All five classes worked together to curate the after-school exhibition for parents, which was well attended and Mrs Blewett had many very positive comments about this exciting topic.

## SPORT RELIEF DAY: WE ARE SUCH GOOD SPORTS!

Mr Cox organised a terrific Fun Run for the Reception, Year One and Two classes and everyone was very kind and supportive of each other. Nursery and Rainbow classes enjoyed a fun, energetic Obstacle Course together and were such good sports too.

*It's thumbs up from Oak Class!*

The School Council judged the colouring competition, taking responsibility for announcing the winners and presenting medals in the whole school assembly in the afternoon.

We are very grateful for all your generous donations for Sport Relief; we will let you know the total we raised soon.

## WILLOW PARENTS: MEET THE TEACHER DATES

As mentioned previously, the Willow Class teachers Mrs Kansu and Mrs Lennon would like to offer parents 1:1 appointments to introduce themselves and report on your child's progress. The dates are:

**Thursdays 19th/26th and Fridays 20th/27th March**  
Please book an appointment with the teachers now.

## TRAVELLING BOOKS BOOKFAIR IN SCHOOL:

**19th and 20th March: 3.20pm -4pm in the school hall**

We are excited to be discovering new worlds of words and pictures at the *Travelling Books* Book fair, which arrives in school next week. It will be open from **3.20-4pm in the school hall** and if your child hasn't yet had the chance to spend their World Book Day Book Token, they can do so at the Book fair on hundreds of titles.
