Dear Parents and Carers

Places in school for critical workers (not those with a special educational need)

I am writing to request that every parent who works in a critical role during this pandemic, consider really carefully when they 'must' bring their child to school every day. The reasons behind the current school closure and the continued lockdown nationally is obviously to reduce the number physical contacts made. We know that the number of cases are continuing to rise and we need to stay alert and vigilant to this at all times.

If you can keep your child at home, please do. Your child will be able to connect with the online learning on the days they do not come to school.

Some critical worker parents have already changed their plans in order to keep their child at home and safe as a result of the message from the government late last Friday. If you can keep your child at home, please let me know via the school's office@springmeadow.cambs.sch.uk mail address so we can amend our registers.

Please be assured that we are doing everything possible in school to keep your child and our staff as safe as possible at all times during the school day. We are also asking our parents to continue to follow the safety measures when dropping children at school and on collecting. However, we know the only real safe action for all of us to take is to remain at home away from any potential danger and I thank all parents who can achieve this.

Thank you for your consideration of this request, and look forward to hearing from you if you can keep your child home.

(If your child is already at you do not need to respond to this mail)

Yours sincerely

Annette Blewett
Head Teacher
